

VIGILANCE AWARENESS WEEK-2024

Culture of Integrity for Nation's Prosperity

MESSAGE FROM CHIEF VIGILANCE OFFICER

BHEL is observing Vigilance Awareness Week-2024 from 28 October to 03 November, 2024 with the theme “सत्यनिष्ठा की संस्कृति से राष्ट्र की समृद्धि” (Culture of Integrity for Nation's Prosperity).

In a time, when ethical practices are scrutinized, our commitment to integrity is essential for maintaining our credibility and reputation. Integrity and operations go hand in hand for building, updating and following systems. Even the most robust systems run the risk of getting fouled. The culture of integrity comes handy to safeguard and is the bedrock of success.

To nurture a robust culture of integrity, we must integrate ethical values into every aspect of our work. It includes ensuring transparency in our processes, adhering to ethical guidelines, and encouraging open communication. By doing so, we not only safeguard our organization but also enhance our overall productivity, effectiveness and trustworthiness.

It is crucial that every team member feels empowered to speak up about concerns and report any unethical behaviour without fear of retaliation. Vigilance Department has taken a lot of initiatives for preventive and participative vigilance and also for fearless reporting of instances of corruption.

As we look ahead, I urge each one of us to embody the principles of integrity in our everyday conduct. Together, we can create an environment of zero tolerance to corruption. Integrity interleaved BHEL will contribute at the best to the prosperity of our nation.

Vigilance Department is coming up with a plethora of activities during VAW-2024. Let us join hands together to develop a culture of integrity and contribute to prosperity of the Nation.

(Shiv Pal Singh, IFS)
Chief Vigilance Officer
