Dear Colleagues,

I am happy to note that this year Vigilance Awareness Week-2024 (VAW-2024) is being observed from 28 October to 03 November, 2024 with the theme “सत्यनिष्ठा की संस्कृति से राष्ट्र की समृद्धि” (Culture of Integrity for Nation's Prosperity).

Integrity is the foundation upon which our progress builds and stands tall at all times. In a fast-paced and ever-evolving industry, our unwavering commitment to ethical practices not only enhances our organization's credibility but also sets a benchmark for excellence across the sector. By prioritizing integrity, we foster an environment that encourages innovation, collaboration, and responsible decision-making.

BHEL has the potential to drive significant economic growth of the nation, improve quality of life of fellow citizen and address critical global challenges. By embedding integrity into our operations at all levels & locations, we can forge strong, enduring relationships based on trust and accountability, ensuring that our contributions are both meaningful and impactful. Integrity w.r.t Engineering and R&D efforts in the parlance of BHEL, is business-oriented innovations.

To cultivate a culture of integrity, we must weave these values into every aspect of our operations. Maintaining transparency in our processes, adhering to ethical standards, and promoting open communication across all levels of our organization is a way to nurture the culture of integrity leading to national prosperity.

Each one of us has a vital role in creating a workplace where integrity is in pivot and is not just a slogan but lies deep in our DNA defining organization culture. Engaging in honest dialogue enables us to tackle challenges effectively and harness opportunities for innovation.

As we move forward, I urge upon to participate in the activities of VAW -2024, throttle the integrity that drives our operations and propagate them among fellow colleagues to together harness the fruit of integrity along with the company. Innovation with Integrity shall result in a successful Organization and Nation.

I wish the Vigilance team all the very best in their endeavour strengthening the core of preventive vigilance.

With Best Wishes,

(J.P. Srivastava)
