BHEL creates a new record; Adds 1,625 MW of power generating capacity to the National Grid in last 24 hours

Bharat Heavy Electricals Limited (**BHEL**) has achieved a new landmark in capacity addition with four of its projects viz. 525 MW Unit-2 of Maithon Power, 500 MW Unit-2 of KPCL Bellary, 500 MW Unit-2 of DVC Durgapur and 100 MW Unit-4 of THDC Koteswar (Hydro) getting synchronized and achieving full load in the last 24 hours. With this, the total power project capacity commissioned by **BHEL** in the current year till 23rd March, 2012 stands at 7,900 MW. **BHEL** has fully established state-of-the-art technology for manufacture of thermal sets up to 600 MW rating in the sub-critical range and has the capability to manufacture sets up to 1,000 MW rating. The company has also equipped itself to produce 660 MW / 700 MW / 800 MW thermal sets with supercritical parameters, and is shoring up its capability for higher rating Hydro sets and advanced class Gas Turbines to cater to upcoming market requirements. **BHEL** has been committed to the nation's power development programme and has reaffirmed its commitment to the Indian Power Sector by equipping itself by way of contemporary technology, state-of-the-art manufacturing facilities and skilled technical manpower. The company has established the capability to deliver 15,000 MW per annum and further augmentation to 20,000 MW per annum is underway.
