BHEL wins Rs.25,690 Million Steam Generator Package Contract for 2x500 MW Lignite-fired Power Project

In the face of stiff International Competitive Bidding (ICB), Bharat Heavy Electricals Limited (**BHEL**) has bagged a prestigious contract for supply of Steam Generator Package for two thermal units of 500 MW each. Valued at Rs.25,690 Million, the order has been placed on **BHEL** by Neyveli Lignite Corporation Limited (NLC), for the upcoming 1,000 MW Thermal Power Project (TPP) in Neyveli. Significantly, these Steam Generators will be the highest rating Pulverised Lignite fired Steam-Generators in the country. **BHEL** has earlier secured orders from NLC for their 2x500 MW Tuticorin, 2x250 MW Neyveli and 2x125 MW Barsingsar projects, all on ICB basis. With this order, the customer has reposed confidence in the company's technological excellence as also its capability in executing power projects of this magnitude. The order reinforces **BHEL's** leadership status in the execution of thermal power projects involving supply of state-of-art equipment, suited to Indian coal and Indian conditions. **BHEL** has been committed to the nation's power development programme and has reaffirmed its commitment to the Indian Power Sector by equipping itself by way of contemporary technology, state-of-the-art manufacturing facilities and skilled technical manpower. Significantly, the company has established the capability to deliver power plant equipment of 20,000 MW per annum.
