

## VIGILANCE AWARENESS WEEK 2021

(26<sup>th</sup> October to 1<sup>st</sup> November, 2021)

**“स्वतंत्र भारत @ 75 : सत्यनिष्ठा से आत्मनिर्भरता”**

**“INDEPENDENT INDIA @ 75: SELF RELIANCE WITH INTEGRITY”**

### Message from Director (IS&P) & Director (E, R&D)-Addl. Charge

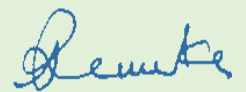

I am glad to learn that Vigilance Awareness Week would be observed from 26<sup>th</sup> October to 1<sup>st</sup> November, 2021 with the theme **“Independent India @75: Self-reliance with Integrity (स्वतंत्र भारत @75: सत्यनिष्ठा से आत्मनिर्भरता)”**.

The Company is facing unprecedented challenging times. While efforts are made to increase the growth momentum through diversification in new growth areas and developing innovative business models, effective execution of existing supplies, projects and timely resolution of customer issues are to be ensured. In order to provide the long-term competitive edge and address the opportunities arising out of the ‘AatmNirbhar Bharat’ movement of Government of India, we need to once again reinvent ourselves and adapt to the changing market requirements for which unwavering support & dedication of all the employees is required.

Further, substantive part of activities of BHEL includes procurement of goods, works and other services. Working with integrity in all areas of our duties should be our mantra to accelerate our growth. It is important to address gaps & loopholes by imposing strict checks & balances at every level. Awareness of rules / regulations and the objective behind such stipulations is foremost for Transparency and Good Governance.

During the Vigilance Awareness Week-2021 let us resolve to put in our best in achieving the goal of self-reliance with Integrity.
