

Note No. #1**Cost Optimisation Cell**

Ref: COC/RTC/EOI/23-24/0001

Dt. : 27/07/23

Sub: Administrative approval to float Expression of Interest (EOI) for 'Round The Clock(RTC) power procurement from Renewable Energy(RE) sources'.

'Round The Clock power procurement from RE sources' is approved under the Corporate Strategy Plan 2022-27. To study requirements of major identified units viz. HEP, HEEP, HPBP & HPEP for finalizing RTC proposal, nominations were taken from these units. The team studied the demand profile (load data), minimum procurement obligations and existing solar plant generation in the units. A requirement of 90 MU (Million units/per year) has been identified by CFT for RTC supply as per following breakup.

Haridwar 54 Million units/Per year

Bhopal 12 Million units/Per year

Trichy 12 Million units/Per year

Hyderabad 12 Million units/Per year

Exploratory EOI has been finalised by the team to obtain data from interested bidders. The data obtained from the responses will be used to finalise the specifications for procurement of power through RTC by respective units. EOI is placed as Annexure-1 in TOC

In view of above, approval may please be accorded to float EOI for "Round The Clock (RTC) power procurement from RE sources under group captive scheme" on BHEL portal and to open the EOI within 21 days from the date of publication.

Submitted for kind approval.

Copy of EOI attached.
